

## Product End-of-Sale (EOS) Notification

June 14, 2023

Owl strives to provide customers with the highest quality products and services, through consistent investments in new security technologies and pushing the boundaries of innovation. As technology and business needs evolve, it sometimes becomes necessary to end the production and distribution of certain products. Owl considers a product at End-of-Sale when it can no longer be ordered from Owl.

Today, Owl is announcing an End-of-Sale (EOS) date of **August 31, 2023** for all XD Air products and versions. Per Owl's EOS Policy, these products will be available for sale until the EOS date or while supplies last. Owl will provide technical support and services for a minimum of two (2) years following the EOS date, provided a valid Technical Services contract is maintained on the product, after which the product will be considered End-of-Life (EOL) and no longer supported.

Affected EOS Product Names/Part Numbers:

Product Name/Part Number	Platform Names
XD AIR-D	Dell XE3 Desktop
XD AIR-R	Dell 7424 Ruggedized Laptop

We at Owl appreciate your continued business and the confidence you have placed in us with your selection of Owl security products. We are here to respond to any questions or concerns you may have regarding this notification. Please direct any inquiries to:
